

BLUEBIRD
LIGHTING

CUSTOM & ARCHITECTURAL LIGHTING SOLUTIONS
SPECIALIZING IN CUSTOM HOSPITALITY LIGHTING.

Decades of experience.

With over 30 years of specialized lighting experience, we bring exceptional skill to each project. Bluebird Lighting provides custom and architectural lighting solutions for hospitality, multifamily, office, retail, mixed-use, healthcare, senior living, and student housing. From grand sweeping hotels to boho chic heirloom restaurants, we approach every project as a unique opportunity to satisfy our customers and retain their business for years to come.

About us.

Bluebird Lighting – the expert in commercial lighting solutions.

Welcome to Bluebird Lighting, offering both custom lighting that is manufactured overseas and domestically sourced lighting, providing our clients with direct access to over 30 lines right here in the United States. This dual approach sets us apart from other companies and gives our clients the best of both worlds.

Our work.

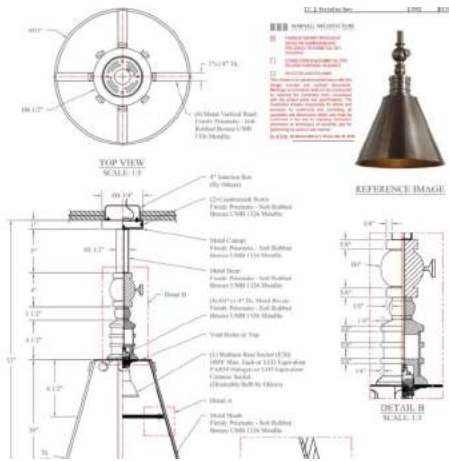

We provide direct factory to client lighting for indoor and outdoor applications ranging from custom lamps and fixtures to architectural and commercial recessed, cove, and site lighting. Offering a wide range of lighting for every type of environment.

Services

We work with hotel owners, procurement firms, designers, architects, and commercial real estate developers to provide complete commercial lighting packages for hospitality, multifamily, office, retail, mixed-use, healthcare, senior living, and student housing. From a napkin sketch to final delivery, Bluebird Lighting is here to assist every step of the way.

Dream it.

After a proposal is approved, using your dimensions and specs, we then get to work on detailed shop drawings and create renderings.

Build it.

Once the drawings and finish samples are approved, production begins!

Showcase it.

After the lighting has been manufactured, your shipment is delivered right to your doorstep.

- Procurement of Specified Items
- Providing Creative Options of Equal to or Superior Solutions
- Schedule & Performance Planning
- Photometric Studies
- Problem Solving
- Logistics
